*\* Moderately Vigorous Touring - You will cover a lot during this journey. Roads are good and the vehicle is air conditioned and comfortable. Some driving days are long. There will be restroom stops along the way. It is important to recognize the potentially exhausting nature of long sightseeing days and sites where you may be required to climb on uneven terrain, steps, rocks and sand. Some sites involve strenuous walking (a half hour uphill) to view sights which may be difficult if you are not in good physical condition. Be prepared with comfortable shoes and make sure you advise us if there are medical conditions we need to know about. You or members of your group will have the option of staying with the vehicle at potentially strenuous sites.*

**THANK YOU FOR JOINING US ON AN INCREDIBLE JOURNEY!**
